COCHISE COUNTY has gone along in
such a rut for several years past that
a little spice like that being served up
at the supervisors room is a good tonic
for the body politic. Such little stug-
gles for political control are natural
and conducive to good government.
They occur every day in every state in
the union and notably so in the na-
tional legislature at Washington. It
brings men closer together by an ex-
change of ideas. It is right and
proper that when a party succeeds, it
should defend its victory to the best
of its ability. If the Republicans
were in power by virtue of the verdict
last November, they would constantly
take every means in their power to
hold their ground and that party
would prove false did it not stand at
the back of its generals. This is the
position in which the Democratic
party stands to day in Cochise county.
When any illegal act is committed by
either party it is time to call a halt,
but as long as the proceedings are
within the law no harm will result.
Sentiment and politics are not bed-
fellows.

As the PROSPECTOR predicted, com-
mon sense and reason have prevailed
in relation to the organization of the
board of supervisors. That the Re-
publican members of the board were
taken back at their inability to orga-
nize the board of supervisors is but
natural. The Democrats would have
been chagrined had they been un-
able to perfect the organization. Their
only way of doing so was to take the
course which the law prescribes may
be done and which has been pursued
on dozens of instances all over the
west in identically the same way. It
will be but a very short time before
the PROSPECTOR will be in a position
to give a complete history of one of
the most damnable plots ever con-
templated in Cochise county, in which
men were bought to betray their party
into the hands of the enemy for con-
sideration. In the meantime let
it be stated for the benefit of the tax
payers and the people that the inter-
ests of the people will be carefully
guarded. No one ever breathed a
word against the integrity of Mr. Mc-
Allister, Mr. Perkins, Mr. White or
Mr. Staehle. During the past 48
hours Mr. White has been discussed
more than any man in the county
the fact that he sacrificed the office
of sheriff for that of supervisor is proof
of his sterling character and steadfast-
ness to principle. Had he done less
he would have received the condemna-
tion of an exacting public and would
have been branded as a traitor, a name
that he will never wear.

The Father of Many Ills.

Constipation leads to a multitude of
physical troubles. It is generally the
result of carelessness or indifference to
the simplest rule of health. Eugene
McKay, of Brantford, Ont., writes:

"I had for several years been a suf-
ferer from constipation, had taken a
great many different remedies, some
of which did me good for a time but
only for a time, then my trouble came
back worse than ever. I was induced
by a friend, whom BRANDRETH'S PILLS
had benefited, to try them. From
two each night for a week, then one
every night for about six weeks.
Since that time I have not experienced
the slightest difficulty whatever, and
my bowel move regularly every day.
I believe firmly that for sluggishness
of the bowels and biliousness BRAND-
RETH'S PILLS are far superior to any
other."

AT SACRAMENTO.

White and Foote Will Both
be in the Senate
Bye and Bye.

Blaine Worse—The Contest in
New York—Arizona and the
World's Fair—The Monetary
Conference Not a Failure.

White's Walk-Over.

SACRAMENTO—The withdrawal of
W. W. Foote from the contest for
United States senator leaves a clear
field to Stephen M. White, as far as
Democratic candidates are concerned,
for those Democrats who have had
senatorial aspirations based them upon
a possible deadlock between these
two gentlemen and the resultant ne-
cessity of taking up some other per-
son. Foote's friends will, it is said,
throw their strength to White, in re-
turn for which the latter's supporters
will back Foote to succeed Senator
Stanford when the latter's term ex-
pires, should the state remain in the
Democratic column.

Political News.

WASHINGTON—The financial situa-
tion and the condition of the treasury
made it absolutely imperative that
congress should meet in the spring to
provide the government with the ne-
cessary amount of revenue to meet its
expenses.

Blaine's Condition.

WASHINGTON—Blaine's condition
has taken a backward turn but the
change is probably not of a character
to excite serious apprehension. The
patient has been suffering from con-
stipation for the past two days.

Arizona World's Fair Build- ing.

CHICAGO—The ground was broken
to-day for a territorial building at the
World's Fair, to be erected jointly by
Arizona, New Mexico and Oklahoma.
Materials for the building are to be
contributed by the Territories men-
tioned.

Memorial Log-Rolling.

ALBANY—The work preliminary to
the organization of the legislature
was enlivened this afternoon by the
arrival of the New York and King-
county members. Judge Griffiths
and other friends of Edward Murphy,
jr., opened headquarters at the Dele-
gan. The secretaries of several Dem-
ocratic county committees came in
with resolutions endorsing Murphy.
Edward Murphy jr. and Lieutenant-
Governor Sheehan were there too.
Hill and Croker went to New York
later, the former enroute to Washing-
ton. None of the leaders will talk
for publication.

Murderer Arrested.

ALBUQUERQUE—Deputy Sheriff A.
W. Marsh, of Angeles, Cal. arrived
here Saturday last and went up to
Santa Fe yesterday, where he arrested
George C. Miles, charged with the
crime of murder in Los Angeles about
two years ago. The murdered man
had \$2,000 before his death, but when
his body was discovered only half this
amount was found.

Monthly Statistics.

WASHINGTON—The preliminary re-
port of the income and expenditure

of railways for the year ended June
30, 1892, compiled by the statistician
to the interstate commerce commis-
sion will be made public soon. The
gross earnings of 128,349.99 miles of
railway are shown to have been \$951-
025,169, from which the gross earnings
of the entire railway system is esti-
mated to have been \$222,711,698, an
increase of \$125,950,303 over the earn-
ings of the previous year, or an in-
crease of \$608 per mile.

M. of L.

DENVER—The state assembly of the
Knights of Labor of Colorado, assem-
bled in annual convention this morn-
ing at Nicholl Hall with a large at-
tendance. The sessions of the con-
vention will be held in secret but
was given out by state secretary M.
Welch that business of considerable
importance to the organization
this and adjoining States would
transacted.

About Kid.

LOS ANGELES—At last accounts Kid
the Apache, was still safe and leading
the troops a merry chase. A telegram
received at headquarters yesterday
stated that nothing new had devel-
oped in connection with his pursuit
since the report of Saturday which
was to the effect that the renegade
was in Canon creek and the troop
trailing him.

The Monetary Conference.

PROVIDENCE, R. I.—President E.
Benjamin Andrews, of Brown Univer-
sity, arrived in Providence from the
monetary conference last night. In
an interview with a Journal reporter
he expressed himself as pleased with
the result of the conference thus far,
and gave it as his conviction that
some practical result would be reached
when the conference reassembled.

The Eleventh Census.

All work on the eleventh cen-
sus will be completed and the matter
turned over to the secretary of the
interior by the 31st of December, '93.
This will be required by the appropri-
ation bill now being framed by the
house sub committee, of which Mr.
Sayers, of Texas, is chairman.

Too Much of a Risk.

It is not unusual for colds contracted
in the fall to hang on all winter.
In such cases catarrh or chronic
bronchitis are almost sure to result.
A fifty cent bottle of Chamberlain's
Cough Remedy will cure any cold.
Can you afford to risk so much for so
small an amount? This remedy is in-
tended especially for bad colds and
croup and can always be depended
upon. For sale by H. J. Peto.
